LORINDA JONES

Artist Bios

Performing on the Celtic Harp and Mountain Dulcimer, Lorinda transports an audience to a place that may remind them of their ancestral roots, a place of peace and tranquility. Performances reflect Lorinda's background in performing, music education, and music therapy, and are informative and engaging, whether on a concert stage, classroom, retreat, or festival event. Audiences of all ages enjoy the "Historic Charm" of Lorinda's music.

As an adjudicated member of the Kentucky Arts Council Arts on Tour Directory, Lorinda is recognized not only in the state, but also nationally. She began performing on the piano at an early age, and soon progressed to other instruments including years of classical music study on the oboe. But it is her passion for American folk music that has been a common thread in her varied pursuits for the past twenty years as a performing and recording artist, and music therapist.

Locally, Lorinda leads the Heartland Dulcimer Club, the Heartland Harp ensemble, hosts a traditional music festival, and has taught many, many students how to play both the mountain dulcimer and folk harp. Nationally, Lorinda teaches and performs at music camps and festivals all across the nation, including the prestigious John C Campbell Folk School, Augusta Heritage Week, and many more.

She is the author of numerous music books, 3 of which are published by Mel Bay Publishing Company, as well as several CD recordings, and most recently a combination audio CD and relaxation DVD, *Celtic Passages*.

As a music therapist, Lorinda reaches populations beyond the concert stage in schools, assisted living facilities and through related work with the Very Special Arts Kentucky and The Kentucky Center's, Arts-In-Healing program.

Lorinda performs on beautiful hand crafted instruments, with song material that ranges from the ancient repertoire of the Celtic lands, to old time music of the American Appalachians, and popular music of today.

Staff Responses:

"Lorinda does a fabulous job! Her music is very soothing for the residents."

"They LOVED it."

"The session worked with multiple senses, (hearing, sight, touch) which is ideal for our population."

Presenter Responses:

*"Thank you for presenting a wonderful performance (Central KY Art Series)
You sold more cd's than any other performer outside of the Diamonds years ago.
The true sweetness of your nature just jumped off the stage and circled everyone
with appreciation for life - a calm pleasant life."*

*"On behalf of the Kentucky World Trade Center, I wish to extend our heartfelt
appreciation for your attendance at the Muhammad Ali Center. You did an
outstanding job entertaining our guests and added a memorable touch to our
event."*
